THE JOINT DEBATE.

The discussion between Bartine and Cassidy last night at the Opera House resulted in a victory for the former. They alternated each half hour and Cassidy opened and labored to show that the Democratic party was the only friend of silver. Bartine met and parried every attempt to belittle the Republican party and himself, and before the second round was over, had Cassidy completely at his mercy. Bartine showed himself the best informed upon the questions treated, and really made the best points of the debate, although Cassidy did all that was possible from a Democratic standpoint. The audience treated both gentlemen with due courtesy, attention and applause, and the occasion will long be pleasantly remembered.

BISMARCK AND VON MOLTKE.

San Francisco Bulletin: Such an ovation as few men ever receive was that accorded to Von Moltke a few days ago. He was deserving of all the honors paid to him. The Germans worship military success and genius. The military leader leads the civilian. He occupies the first place in the hearts of his countrymen. The old Emperor William and his son Frederick were good fighters. They were both the idols of the Germans. But they never forgot the great strategist, Von Moltke, the man who planned the great battles that led to the downfall of Napoleon III. The old warrior having reached his ninetieth year, saw all the battle flags brought to his door, and all the nobles and crowned heads going to congratulate him on having reached such a mellow old age. The silent man never courted popularity. It came to him because he had been successful in battles. If disasters had followed his plans he would hardly have been heard of to-day.

Bismarck was by the side of the Emperor William in all the great battles that were fought in later times. He was nearer to the Emperor than was General Von Moltke. As long as the old Emperor lived Bismarck was at his right hand. When he died then the ways parted. The latter was not much in sympathy with Frederick, whose brief reign will make no prominent figure in history. Nor has he been much in sympathy with the present Emperor. This lack of sympathy and wide divergence of views has caused his retirement.

It is a significant fact that at the celebration of Von Moltke's birthday Bismarck was not present, although he received a cordial invitation from the Emperor. This absence was not due to any loss of friendship for Von Moltke. For Bismarck has regarded him as the greatest strategist in the world. The former took no part in this ovation on the plea of ill-health. The truth is, he is not on good terms with the present Emperor. The man of iron and blood does not think that he has been fairly treated. The plan of a consolidated German Empire originated with Bismarck. He brought the old Emperor William up to the acceptance of that plan. That was the greatest feat of statesmanship performed in the nineteenth century. The German Empire has taken the stamp which Bismarck put upon it. He was created a Prince for his part in that great transaction. But he never received such an ovation as was paid to Von Moltke.

The question has already been raised whether Bismarck will be forgotten. There is no prospect that he will be as long as the German Empire lasts. That is in some sense his monument. The new Emperor has undertaken to get along without Bismarck. But the old Emperor William could not dispense with his services. Whether the latter will ever be recalled is problematical. But as soon as a great crisis comes in German affairs the nation will turn towards Bismarck. The young Emperor who laid his hand on his sword significantly soon after he was crowned, has since been making efforts to preserve the peace of Europe. He is seeking the victories of peace, but if war should come, Von Moltke would be too old to take the field. But Bismarck would not be too old to be as wise a counselor to the present Emperor as he was to his illustrious predecessor. There is no ovation just now for Bismarck. He bides his time. Another great opportunity may come or it may not. But his monument will remain in a consolidated Empire.

The New York Herald's Washington special says: It is understood that Minister Mizner has received from Secretary Blaine assurance of the President's endorsement of his conduct in the Burrudis case, and has been fully justified in the course he pursued.

Mrs. Brennan, of St. Louis, who jumped from a train and ran into the hills at Clarkburg, W. Va., was found Saturday hiding in a fodder stack. She had been exposed to the severe weather for fifteen hours.

To a slough full of stagnant water at Sasualito, which has to be passed by the school children, is attributed several cases of diphtheria which have recently occurred in that healthy town.

The New York Herald prints a history of the Johnstown, Pa., flood, and charges unwise and corrupt distribution of the large sum raised by the civilized world in behalf of the sufferers.

BEAUTIFUL LANGUAGE.

"Myself Sprung from the Loins of Labor, I Felt Diffident to Speak Before this August Body—But they Listened to Me."

The words of our leading orator taken from a speech recently delivered at Piper's Opera House, says the Virginia Enterprise, by Senator John P. Jones.

Senator Jones sprung from the loins of labor. He was elected United States Senator from this State when he had but a very indifferent idea of the work he was called upon to perform. He was literally thrown upon his own resources, and he threw himself upon the common horse sense that had carried him through life, and he found his brothers ready to listen to him, and to assist him in making himself understood.

What a record in eighteen years! This untutored minor closed the Fifty-first Congress in a speech which for classical diction, homely homily and striking facts pronounced him a Cicero of his age.

Is this so? Let us see. Here is an extract from his speech, culled by an honorable and fair opponent, who gave it to us for reproduction:

"Those who land the graces of poetry and the charms of rhetoric will do well to remember that a machine which runs with rhythmic beauty and irresistible prowess, is more awe-inspiring, more eloquent, more noble, and infinitely more instructive and valuable to mankind than any poem ever inscribed."

"The Corlies engine is an illiad, the locomotive an anthem, the sewing machine an idyl, the reaper an eclogue."

"These are the greatest achievements of man—the richest and ripest fruits of his culture."

"Around these will philosophers and literateurs of the future admiringly cluster. In their praise will their muses sing—the odes indite, the seers foretell. In comparison with their deities, how insignificant the deeds of Hector! How repulsive the exploits of Alexander and Caesar!"

Here is a democracy of mind to admire. Where is the language of any political literature can sense and word be found to combine so harmoniously? It is like a merry pealing bell announcing a birth as compared with the rattle-my-bones-over-the-stones time of the Democratic platform. It is like the main of the miser as compared with the heated curse of the bronco-buster. That's the way the two political parties stand in Nevada to-day—the joyful acclaim of hope against the mourn of despair. One platform says: "It is never too late," the other, "All hope abandon, ye who enter."

FIGHT IN SENEGAL.

A Regular Massacre of the Natives by the French.

News has reached London of a fight between French troops and natives in Senegal. Ahmadou resolved to make a supreme effort to capture the advanced post of Kouakary. It had been seized by Colonel Achinard last June and had been left under the guard of Lieutenant Violent, supported by a sub-Lieutenant commanding forty Senegalese fusiliers (nine of whom were sick), a navy doctor, two European non-commissioned officers and four artillerymen with two small cannon.

On September 8th the defenders of Kouakary, saw the besiegers advancing in deep columns, many of them carrying ladders to be used in the attack. All the black soldiers, though decimated by the artillery fire, rushed on the blockhouse at the first sound of the war drum. They carried their ladders to within fifty yards of the walls, despite a tremendous fire from the besieged men. Shouting their wild war cries many of them succeeded in planting their banners at the foot of the wall, but a well-directed fire of cannon, musketry and shrapnel caused them to falter, then scatter and hide in the brush.

The fight had begun at 8 A. M. At 9 o'clock a heavy rain fell, a real flood. The Senegalese took advantage of it to pick up their dead and wounded, but though they carried away many of them, corpses could be seen afterward lying all around the block-house, twenty-three being counted in a single heap, and it is estimated that the loss of the assailants reached 600 men at least. The French had only two fusiliers slightly wounded by 11 A. M., while the army of Ahmadou had disappeared.

The Potato Crop.

CHICAGO, Oct. 27.—The Farmers' Review will say this week that, according to statistics received, the grand total of the potato crop in this country for 1890 will be about 122,731,000 bushels as against 233,701,000 in 1889 and 216,046,000 in 1888.

Hope for Burchell.

WOODSTOCK, Ont., Oct. 28.—Burchell has received a letter dated Jackson, Mich., October 24th, and signed "The Colonel," purporting to show that the writer killed Benwell. Burchell's solicitor will ask for a reprieve on the strength of this.

Herbert Ward now comes forward to support Bartlett's charges against Stanley. Ward is among those whom Stanley "damned with faint praise," which must be taken into consideration in accepting his statement. The man who can throw more light on the affair is Bonny. He alone of the officers with the rear-guard made the through trip, knows all about the tragedy at Banalya, and the difficulties of the situation at Yambaya, and has no known reason for prejudice against either party to the controversy.

THE STANLEY SCANDAL.

Admissions that There Were Incidents That Have Been Concealed.

Boston, Oct. 28.—Lieutenant Troup, one of Stanley's officers left with the unfortunate rear guard under Major Bartlett, is visiting his wife's relatives in Cambridge. A reporter sought from Troup an explanation of Stanley's charges. "Stanley," he said, "had seen fit to make charges against those whom he left behind in charge of a forlorn hope, and I will gladly meet anything he may have to present. Thus far Stanley has made no specific charges against Bartlett, and until he does I will respect the man's memory and not censure him. I will admit certain things were done which I would not have done, but it must be remembered that Bartlett was a quick-tempered, nervous man, who had no control over himself, and who, unquestionably was a wrong man to be placed in control of the natives, no matter how large a force it might be. The Major hated the natives in the first place, and he made no effort to conceal his dislike for them. He never had any experience in the jungle and did not know how to manage the natives. Stanley knew him intimately and knew just the kind of a man he was. If a wrong had been done, mind you, I don't say that Stanley's insinuations have any foundation, but if there has been any blunder, Stanley is responsible for it in placing such a man in control of the guard. As I was saying, Bartlett was hot-tempered; besides he had very strict ideas as to the military duty of the native soldiers under him. He was a martinet, and exacted from these native soldiers the same discipline that would have been expected from the flower of the English army. Of course such treatment would not do with the natives who had been unaccustomed to restraint, and there was frequent rebellion, which called for disciplinary measures. But I will say I did not see anything done which Stanley himself has not done. The latter, however, insinuates some very horrible acts were performed. Let him explain himself more fully before I enter into any argument with him."

"Then there are incidents in connection with the life in camp which have not been told?"

"Yes, I will admit that certain measures were carried out which I do not care to discuss just now. In a certain sense Stanley has included me in his whole-sale criticism, and I prefer to await some definite charge or statement before making any reply. As far as my own position is concerned, I am not ashamed to face any accusation. I followed the instructions from my superior in command, and if any mistake is made he is the one responsible."

STRIKE OF WESTERN UNION TELEGRAPH OPERATORS.

The Night Force in the St. Paul Offices Leave Their Instruments.

All the operators, thirty-seven, in the Western Union Telegraph Company's office at St. Paul struck at 8 o'clock Monday night and all the company's wires into the city are idle. The walkout is on account of the discharge by the company a few days ago of six operators, supposed to belong to the brotherhood. The discharged men called on Superintendent McMichael in Minneapolis Monday afternoon to try and effect an agreement, but were not recognized and the strike is the result.

The telegraph company sent at once for the day force to take the night men's places, but the strikers met them on the street and kept most of them from going to work. The majority of the 150 operators employed by the Western Union in that city are members of the brotherhood, and they assert that all the day men belonging to the organization will go out in the morning. The men there think the Western Union operators in Chicago and Omaha will also strike.

HIGH TIDE ON THE HUDSON.

Brickyards Flooded and Millions of Brick Lost.

The Hudson river Tuesday showed the highest tide in forty years. Brick-yards suffered enormously. Millions of brick were lost. The yards between Royston and Albany are submerged. It is estimated that 4,000,000 brick have been lost in the Kingston district alone. The fire were put out in kilns in process of burning. Great kilns were thrown down and brick and mud with the sheds washed away.

Wheat Supply.

The visible supply of grain is as follows: Wheat, 19,715,000 bushels, an increase of 1,107,000; corn, 7,205,000 bushels, a decrease of 1,053,000; oats, 4,123,000 bushels, a decrease of 192,000; rye, 630,000 bushels, an increase of 24,000; barley, 4,809,000 bushels, and increase of 331,000.

Enforcing the Lottery Law.

Attorney General Miller has sent a circular letter to all the United States Attorneys calling their attention to the new Lottery law, with the suggestion that they spare no effort in its enforcement. Similar instructions have been sent to United States Marshals.

Not Fit to Reign.

Owens, of Grayson, Owens & Co., is in town.

Senator Stewart spent yesterday in Reno.

Jim Foxwell was down from Verdi yesterday.

For window glass, all sizes, go to Lange & Schmitt.

Mapes brought in 800 head of beef cattle to be fed on the meadows.

R. K. Colcord was in town yesterday morning, but departed for Virginia City on the local.

Irem Allen, Dave Wightman, Jacob Springer and Billy Grimes were up from Churchill yesterday.

The Opera House will again be crowded to-morrow night to hear Senator Jones, and his will be the best speech of the campaign.

W. H. McInnis was down from the State Prison yesterday on the lookout for the two prisoners who escaped from there Tuesday.

Washoe has three Democratic and three Republican candidates on the State tickets—Winters, Osburn, Alt, Bigelow, Ring and Manning.

Thirteen car-loads of beans passed east Monday en route to Boston. The beans were produced in California and are said to be of the very finest quality.

The county candidates, the Young Men's Republican Club and the Republican party in general propose giving a rousing wind up of the campaign Saturday night in Armory Hall.

It is reported that Senator Wm. M. Stewart, of Nevada, is desirous of securing the appointment of Justice of the U. S. Supreme Court to succeed Justice Miller deceased.

D. C. J. Mallen returned yesterday from his trip to the East, and reports having had a splendid time, and that the weather there is fine, although he says Nevada climate is the boss.

The size of the new Mills building in San Francisco may be estimated when the fact is known that there will be at least a mile of wainscoting in the rooms, made of fancy yellow marble from the Inyo Marble Works.

Last Saturday evening at Wellington, beyond Genoa, one drunken Indian hammered another into insensibility with a rock because he interfered with him when beating his squaw. The battered Indian is likely to die.

Jim Marshall, formerly a member of the Carson chain gang, felt insulted the other day on a ranch where he was working near Genoa because a Chinese fellow laborer sat at the supper table with him. He attacked the Mongolian with a table fork, digging it into his scalp badly.

A GALA EVENING.

Grand Torchlight Procession by the Carson and Reno Young Men's Republican Clubs—Senator Jones Will Speak.

To-morrow evening, in honor of the address of Senator John P. Jones, the members of the Young Men's Republican Club propose to outfit themselves in an effort to make the occasion the most brilliant so far of the campaign. The Carson Young Men's Republican Club will be down 200 strong. A grand torchlight procession will open the evening. Flambeaux, new transparencies, Roman candles and a torchlight manoeuvre will be the features of the first part of the evening, which will be followed by the speech of Senator John P. Jones at the Opera House.

The Carson Excursion.

The John P. Jones Young Men's Republican Club extends a cordial invitation to all good Republicans to go up to Carson this evening and participate in the grand Republican demonstration to be held at that place. The transportation both ways will be free, the only conditions are that everyone who goes must carry in the procession a torch, flambeau or transparency. The special train will leave Reno promptly at 6:30. Everyone going must be at the train before that time as there will be no delay. Badges, torches, etc., will be distributed on the train. No person under eighteen will be allowed on board except by special permission. Let everyone who can turn out and the capital may be taken by storm.

Democratic Announcement.

Grand torch-light procession and final Democratic rally of the campaign, on Saturday evening, November 1st. Dr. H. Bergstein, Gen. J. C. Hagerman, C. A. Jones and other local speakers and candidates will address the citizens of Reno at McKissick's Opera House. By order

P. H. MULCAHY,
Secretary Dem. Co. Central Committee.

Admission Day.

To-morrow afternoon the State University will celebrate the Admission Day of Nevada, with appropriate services. There will be an oration by Henry Cutting, essay by Frances Frey, declamation by Stella Ede, and poem by C. D. Van Duzer; besides a number of other exercises will be held.

Great Oration!

Last great speech of the campaign. Everybody come and hear Major Geo. A. Hilton at the Opera House Monday evening, November 3rd.

LAST NIGHT'S DEBATE.

Bartine and Cassidy—The Republican Speaker Inevitable—He Gives His Opponent a Few Points to Think About.

Last night at 6:30 o'clock the Winters Democratic Club appeared upon the streets with a torchlight procession. The capes, transparencies and fireworks made the streets as brilliant as Market street, San Francisco, on a gala night.

The John P. Jones Young Men's Republican Club has previously detailed twenty of their members who escorted Hon. H. F. Bartine to the Opera House.

Long before the appointed time the crowd began to gather in the Opera House until when the speaking began there was not even standing room. Every available spot was taken. There were at least 1,500 people in the house. The speaking began promptly at 7:30, President Jones of the State University acting as Chairman.

Mr. Cassidy opened the debate upon the silver issue. Arguing that the Democracy had shown themselves the champions of free coinage in the last session of Congress from the fact that they had voted for that measure in an almost solid body, and had discountenanced the so-called Windom bill. He challenged the position taken by Mr. Bartine on that question. Mr. Bartine took the floor and explained the entire history of the bill as well as his own part in its enactment. He then proceeded to assume the offensive and gave his opponent what he called "a few points to think about," relative to what is, and what is not possible for a representative to do on the floors of Congress.

Space will not permit an extended summary of the different speeches. On both sides was shown readiness and skill in the weapons of debate. Mr. Cassidy found himself after the first speech driven from the offensive to the defensive.

Mr. Bartine more than equaled the expectations of his friends, and proved himself equipped at every point, while his knowledge of Congressional legislation to say the least made his opponent towards the last very wary in his utterances.

It might not be proper or generous to say who obviously had the better of the debate, but Hon. H. F. Bartine has lost no prestige in Washoe county by it.

Advice to Mothers.

Are you disturbed at night and broken of your rest by a sick child suffering and crying with pain of cutting teeth? If so send at once and get a bottle of Mrs. Winslow's Soothing Syrup for Children Teething. Its value is incalculable. It will relieve the poor little sufferer immediately. Depend upon it, mothers, there is no mistake about it. It cures dysentery and diarrhoea, regulates the stomach and bowels, cures wind colic, softens the gums, reduces inflammation, and gives tone and energy to the whole system. Mrs. Winslow's Soothing Syrup for Children Teething is pleasant to the taste, and is the prescription of one of the oldest and best female nurses and physicians in the United States, and is for sale by all druggists throughout the world. Price 25 cents a bottle. feb. 21-sw-ly

Seventy-five Dollars Reward.

On the night of October 27th, some miscreant broke into the hall of the J. P. Jones Young Men's Republican Club, and destroyed a number of flambeaux and did other damage. The Democratic County Central Committee offers a reward of \$25 for the arrest and conviction of the person or persons who were guilty of the above damnable act.

The Winters' Democratic Club add an additional reward of \$50 for the same purpose. By order

H. BERGSTEIN, Chairman.

A Fatal Mistake.

Louis Rittenhouse, a twenty-five-year-old son of a wealthy farmer near Prairie du Loup, Ill., has been in an insane asylum some time, but was released a week ago as cured. Tuesday morning he went to a house of a friend named Talbot and fatally shot that gentleman. Returning home he slightly wounded his brother, and was preparing to murder his father. The latter, however, seized a hoe and knocked his demented son senseless, inflicting serious injuries.

CLEVELAND IN COURT.

Appearance of the Ex-President as Counsel at Washington.

Ex-President Cleveland Tuesday made argument before the Supreme Court as associate counsel for James W. Peake in what is known as the New Orleans drainage case. The court-room was filled with members of the bar and the general public, while an impatient crowd awaited outside opportunity to enter when Mr. Cleveland entered. He was heartily greeted by ex-Attorney General Garland and ex-Secretary Bayard, while Justice Lamar bowed from the bench to which he had been appointed by the lawyer who now sat before him waiting to plead a case. Mr. Cleveland read from a printed brief and although the case was very technical he held the interested attention of every member of the Court.

Blaine at South Bend.

SOUTH BEND, (Ind.), Oct. 29.—Blaine reached here this morning. A grand reception had been arranged, but through some misunderstanding the band failed to appear until Blaine had been carried to the home of James Oliver for lunch.

There was snow on the ground and rain was falling, so there were only a few who ventured out to meet the distinguished statesman.

His speech was delivered at 2 o'clock at the town skating rink to a large and enthusiastic audience of South Bend and Goshen Republicans. Immediately after the speaking Blaine took a train for Plymouth, where he joins his family en route to Washington.

Indian Outrages.

Dispatches from Wilbur, in the Big Bend country, report the murder of S. S. Cole, a freighter, by Colville Indians. Cole left Cumming's Ferry on October 11th on his return to Wilbur and has not been seen since. His blood-stained wagon and hobbled horses were found, but a diligent search has failed to find the missing man. He had considerable money, and some Indians saw him receive it a few days prior to his departure. The Indians held up another freighter and robbed him. The whole country is being scourged and a call has been made on the agent of the Colville Indians for the surrender of the suspected Indians.

A Franco-Russian Alliance.

The London Telegraph publishes a despatch from a correspondent in St. Petersburg saying it is seriously believed in diplomatic circles there that General Obrucheff, who is now in Paris, is authorized to formulate military conditions for a regular alliance between France and Russia.

Lincoln Coming Home on a Visit.

Robert Lincoln, United States Minister, left London yesterday for Liverpool, where he will embark for New York, having been granted a brief leave of absence by the Government. He will return to England in January.

Peculiar

Many peculiar points make Hood's Sarsaparilla superior to all other medicines. Peculiar in combination, proportion, and preparation of ingredients, Hood's Sarsaparilla possesses the full curative value of the best known remedies of the vegetable kingdom. Peculiar in its strength and economy—Hood's Sarsaparilla is the only medicine of which can truly be said, "One Hundred Doses One Dollar." Medicines in larger and smaller bottles require larger doses, and do not produce as good results as Hood's. Peculiar in its medicinal merits, Hood's Sarsaparilla accomplishes cures hitherto unknown, and has won for itself the title of "The greatest blood purifier ever discovered."

Peculiar in its "good name at home"—there is now more of Hood's Sarsaparilla sold in Lowell, where it is made, than of all other blood purifiers. Peculiar in its phenomenal record of sales abroad, no other preparation has ever attained such popularity in so short a time, and retained its popularity and confidence among all classes of people so steadfastly. Do not be induced to buy other preparations, but be sure to get the Peculiar Medicine, Hood's Sarsaparilla. Sold by all druggists. \$1.00 per bottle. Prepared only by C. L. HOOD & CO., Apothecaries, Lowell, Mass.

INSURANCE.

THE
MANHATTAN

Insurance Company.

Assets, \$12,000,000.

The history of the past has proven beyond a question that an endowment policy in a life insurance company is a much

BETTER INVESTMENT

Than a savings bank; FIRST, because it is very much safer—as the law of the State of New York requires every life insurance company to keep a

Reserve in First-Class Securities

Equal to its liabilities dollar for dollar; SECOND, in case of death while making these small deposits, the life insurance company will pay, just when most needed by the family, the

Full Amount

Of the sum insured, amounting to 10, 20, or even 30 times as much as has been deposited; or on the

Return Premium

Plan of the MANHATTAN, they would do even more than this, for they would at death pay the face of the policy and in addition all the deposits (premiums) paid, while the savings bank would only return the amounts actually deposited with interest.

Who would not purchase a valuable piece of property—a farm for example—worth \$10,000, if he could have twenty years to pay for it, in small sums of \$300 per annum with interest on deferred payments and without any tax on it? The \$300 per year being only 3 per cent of the \$10,000—a sum not much greater than that paid annually for taxes on property in hand, of the same cost, and especially if he could have the further conditions specially stated in the contract, 1st, that if he dies while making these payments—even after one only has been made—

No Further Payments Shall be Required

And the full title in fee simple to the entire farm shall at once be given to his family; and 2d, that if at any time after the three years during the twenty years he shall be unable to continue the payments and from sickness or any misfortune, that then he could discontinue any further payments and have in fee simple such portions of the farm as he has paid for; thus, if one-fourth of the payments had been made, he would own one separate fourth of the farm, etc., and at the same time the farm be entirely free from all claims of creditors, under all circumstances, not even to be reached by writ of execution or attachment issued by any court, while if living to the end of the twenty years and the annual payments have been made, the

Entire Property in Fee Simple

Is secured.

Now the MANHATTAN LIFE INSURANCE COMPANY offers all this and more, for instead of offering LAND on these terms, which is often eaten up by legal expenses and fees in case of the death of the purchaser, or swallowed up by a mortgage given to secure deferred payments, thus losing the whole amount paid in and leaving the family destitute, or dependent, it offers a

Specific Bond Secured by Millions
of First-Class Securities.

Agreeing to pay MONEY on the same terms and conditions as above—the cost per year varying at different ages, but otherwise substantially the same terms as above stated, while the sum to be paid at the end of twenty years will be increased by dividends and compounded interest for the full term, thus making the investment a very PROFITABLE and ADVANTAGEOUS one.

Inquiries concerning the bonds this company will receive prompt reply if addressed to

PLATFORM AND RESOLUTIONS

Adopted by the Republican State Convention held at Virginia City, Nevada, September 4, 1890.

The record of the Republican party is its best platform.

No political party in human history has taken such advanced positions for the equality of races, none has so waded the administration of authority to the needs of business, none has so managed the affairs of a State as to encourage the development of a continent, none has so elevated a nation and so contributed to the happiness of man, none has so honestly and economically carried on the routine duties of office.

In all things it has been the direct opposite of the Democratic party. Grand in its ambitions and impulses, firm and resolute in its consistency, strong in its devotion to principle, it is now, as it has been from birth, the representative of all that is noblest and best in its own country and hope and promise of a better future for the human race.

Its battles for human rights, its preservation of the Union, its abolition of slavery, its protection to labor, its elevation of manufacturers, its upholding of the National credit, its efforts in behalf of honest financial methods, its homestead system, and its devotion to popular education have made for it the greatest record of any political organization this or any other country ever had.

The names of its heroes are legion, and the deeds of Fremont, Lincoln, Grant and Garfield will shine like electric lights on the pages of history.

The Republicans of Nevada, in convention assembled, heartily endorse the acts of the Fifty-first Congress, which has made greater advances in correct and needed legislation than any since the war.

The crime of silencing, so often resorted to by the Democratic party for the purpose of defeating legislation and blocking the wheels of government, has been done away with by the genius of Reed, McKinley and their associates, and the offenders taught that Congressmen are paid by the people for making good laws and not bad politics.

It had, by a strictly party vote, placed the silver question that will lead naturally to free coinage and disarm all opposition among financiers.

It has taken up the work of a readjustment of

POLITICAL.

the tariff in a patriotic and business like way, such as will protect the interests of labor and at the same time encourage capital to enterprises that will furnish it with employment at good wages.

New States which were denied their rights before have been admitted to the Union, and the grip of Tammany Hall upon the Presidency broken.

Trusts that grew rank under Cleveland's Administration have been broken up and made to obey the laws of honest commerce.

Efforts are being made to prevent or punish frauds and intimidations in elections.

A navy has been provided for and suitable pensions granted to prevent suffering among the sick and wounded heroes of the war.

Provision is being made for the reclamation of the arid regions, where the Republican policy of free homes and free schools can be extended.

Unearned land grants are being restored to the public domain and the land thrown open to settlement, and to all the pledges of the National platform are being simply redeemed.

We endorse the Administration of President Harrison and commend his conservative course as striking in contrast with his predecessor in office.

During the former Administration silver and wheat touched the lowest price ever known, and farmers burred their corn for fuel. Trusts were stimulated, financial disaster, strikes prevailed, the mail service was demoralized and business found itself oppressed instead of being encouraged by the methods of the Government, whose whole business should be to benefit the country.

Today silver, wheat and all the products of labor are rapidly rising, and while the Democratic officials may perhaps be innocent of intentionally destroying our prosperity they are guilty of the results of blunders as they would be for crimes.

Under Harrison, Chinese and contract labor are kept out of the country, American laborers and mechanics protected against the competition of the whole business intelligently conducted for its benefit, and the laws administered in a wise, firm and patriotic manner.

In presenting its ticket to the voters of Nevada, the Republican party pledges its nominees to the maintenance of the National platform in county and State expenditures.

We pledge our nominees to a system of State improvement which shall save the water now running to waste and devote it to secure its use in the irrigation of fertile lands now lying idle.

We endorse the measure introduced by Senator Stewart proposing to cede the lands within our limits to the State for the purpose of aiding to improve our water storage and irrigating systems, and we appeal to Congress and the President to grant this much needed aid.

We endorse the course of our Senators and Representatives in Congress, and commend their efforts to establish, on a better basis, the use of silver as money, and reaffirm our uncompromising demand for the coinage of gold and silver, and their equal station in our National currency.

Whereas, The practice of letting mail contracts in this State to non residents of the State, who seek to evade the law by securing the use of subletting the same has resulted in an inferior and impaired mail service;

Resolved, That our delegation in Congress be requested to procure, if possible, the enactment of a law to prevent such abuses in the future.

We are in favor of the improvement of the wages of American labor by restricting immigration from foreign countries, a thorough revision of our naturalization and land laws, the construction of naval and coast defenses, the fostering of free schools and popular education, the enforcement of a free ballot and a fair count, cherishing the defenders of our country, the protection of every citizen at home and abroad, the fostering of a policy that will extend our commerce, the settling of all foreign complications by arbitration, and liberal appropriations by Congress for the construction of water reservoirs and a system of irrigation.

Resolved, That we are in favor of the Australian system of ballot.

Resolved, That as the coming election the question is to whether or not a Constitutional Convention be called to amend the Constitution of the State, that we earnestly invite a calm and thorough discussion of the question during the campaign.

Resolved, That it is the policy of the Republican party in Nevada to secure all safe and possible retrenchments in public affairs, and especially in dispensing with unnecessary officers and useless deputies in adjusting salaries upon a basis of services performed, decreasing the per diem and mileage and shortening the session and lessening the number of members of the Legislature, in the reduction of taxation and in consolidating county offices and diminishing county expenses, and to this end we pledge the nominees of the convention and earnestly ask that the nominees of the several county conventions be likewise obligated.

PLATFORM.

The Republicans of Washoe county, in convention assembled, renew its pledges of faith in, and allegiance to the doctrines and principles of the Republican party, which in the future, as in the past, will continue to vote for the people the broadest and most enlightened freedom, consistent with safety to the State, and the perpetuity of our form of government.

We most heartily endorse the platform adopted by the Republican State Convention at Virginia City as a manly and conservative declaration of principles suited to the necessities and demands of the people of this State, and strongly in contrast with the billingsgate and filibustering of the Democratic indolence, which was presented by the Grand Jury of that party, in their recent State Convention.

We recognize in our delegation in Congress, Hon. J. P. Jones, Wm. M. Stewart and H. P. Bastine, able and efficient public servants, who have been untiring in their efforts to promote the interests of the people of Nevada, as well as those of the whole country, and we desire to accord to them that full measure of praise which their valuable services so justly merit.

That we commend the wise and conservative administration of President Harrison, who has redeemed the pledges so solemnly made to the people in the National Republican Platform, and has fully justified the confidence reposed in him by the suffrages of the American people.

We endorse the action of the Republicans in Congress in increasing the tariff on wool, so as to encourage the production of staples hitherto imported, which drove livestock, in a special message recommended to be placed on the free list; and in the passage over Democratic votes of a silver bill which has increased the value of the product of our miners more than ten millions of dollars, added seventy-five millions to the value of our wheat crop, one hundred millions to the oat crop, and two hundred millions to the corn crop of the United States.

It is with the most profound sorrow that the Republicans of Nevada received the news of the death of Hon. C. C. Stevenson, late Governor of this State. We deplore his loss in the cause of the party, where he was every ready by word and deed to advance his interests in every honorable way; and the whole people of the State have been deprived of the services of an honest and unswerving public servant, his family of a kind, indulgent and affectionate husband and father; and to the bereaved members of his household we extend our most profound and sincere sympathy.

It is the sense of this convention that the best way to promote and foster the upbuilding of Nevada is to provide and maintain good government, with a system of low taxation, and to this end we favor the most rigid economy in every department of the public service, and the enactment of such legislation as will secure to the people of the State the lightest possible burden, without material injury to the administration of affairs.

We demand that the membership of the Legislature be reduced to forty, their per diem to six dollars per day and their mileage to actual and necessary traveling expenses in going to and from the State Capital.

We are in favor of the donation of the public lands to the State to be used for a basis of water storage and reclamation; at the same time we call attention to the fact that a large portion of our previous grants is unexpended, and can be used for these purposes without waiting for additional appropriations.

We are in favor of the use under wise plans and safe management of the large fund lying idle in the State Treasury in a way to quicken it into life and start it through our great valleys, reclaiming one after another, making homes for our portions, and adding to our taxable property, and we recommend that our Senators and Assemblymen give this matter their careful attention, adopting the system which promises the greatest good to the State, giving it their solid support.

We are in favor of the acquisition, either by State or county, of the control of the water storage sites of the Truckee basin, so that they may in time be made useful to the public, without the possibility of their falling into the hands of private monopolies.

We are opposed to bonding Washoe county for any purpose until the question is first submitted to the qualified electors of the county or district upon which the bonds are to be issued for their approval or rejection.

It is the sense of the Republicans of Washoe county that a Constitutional Convention is necessary in order to secure such reforms in the public services as our small population and material resources demand; and we, therefore, most earnestly urge upon the voters of this county to cast their ballots in favor of such a convention at the coming election.

Resolved, That we are in favor of the Australian system of ballot.

Resolved, That as the coming election the question is to whether or not a Constitutional Convention be called to amend the Constitution of the State, that we earnestly invite a calm and thorough discussion of the question during the campaign.

Resolved, That it is the policy of the Republican party in Nevada to secure all safe and possible retrenchments in public affairs, and especially in dispensing with unnecessary officers and useless deputies in adjusting salaries upon a basis of services performed, decreasing the per diem and mileage and shortening the session and lessening the number of members of the Legislature, in the reduction of taxation and in consolidating county offices and diminishing county expenses, and to this end we pledge the nominees of the convention and earnestly ask that the nominees of the several county conventions be likewise obligated.
